Machine Gun Pintles (Silver Goose: The Eastern Block)

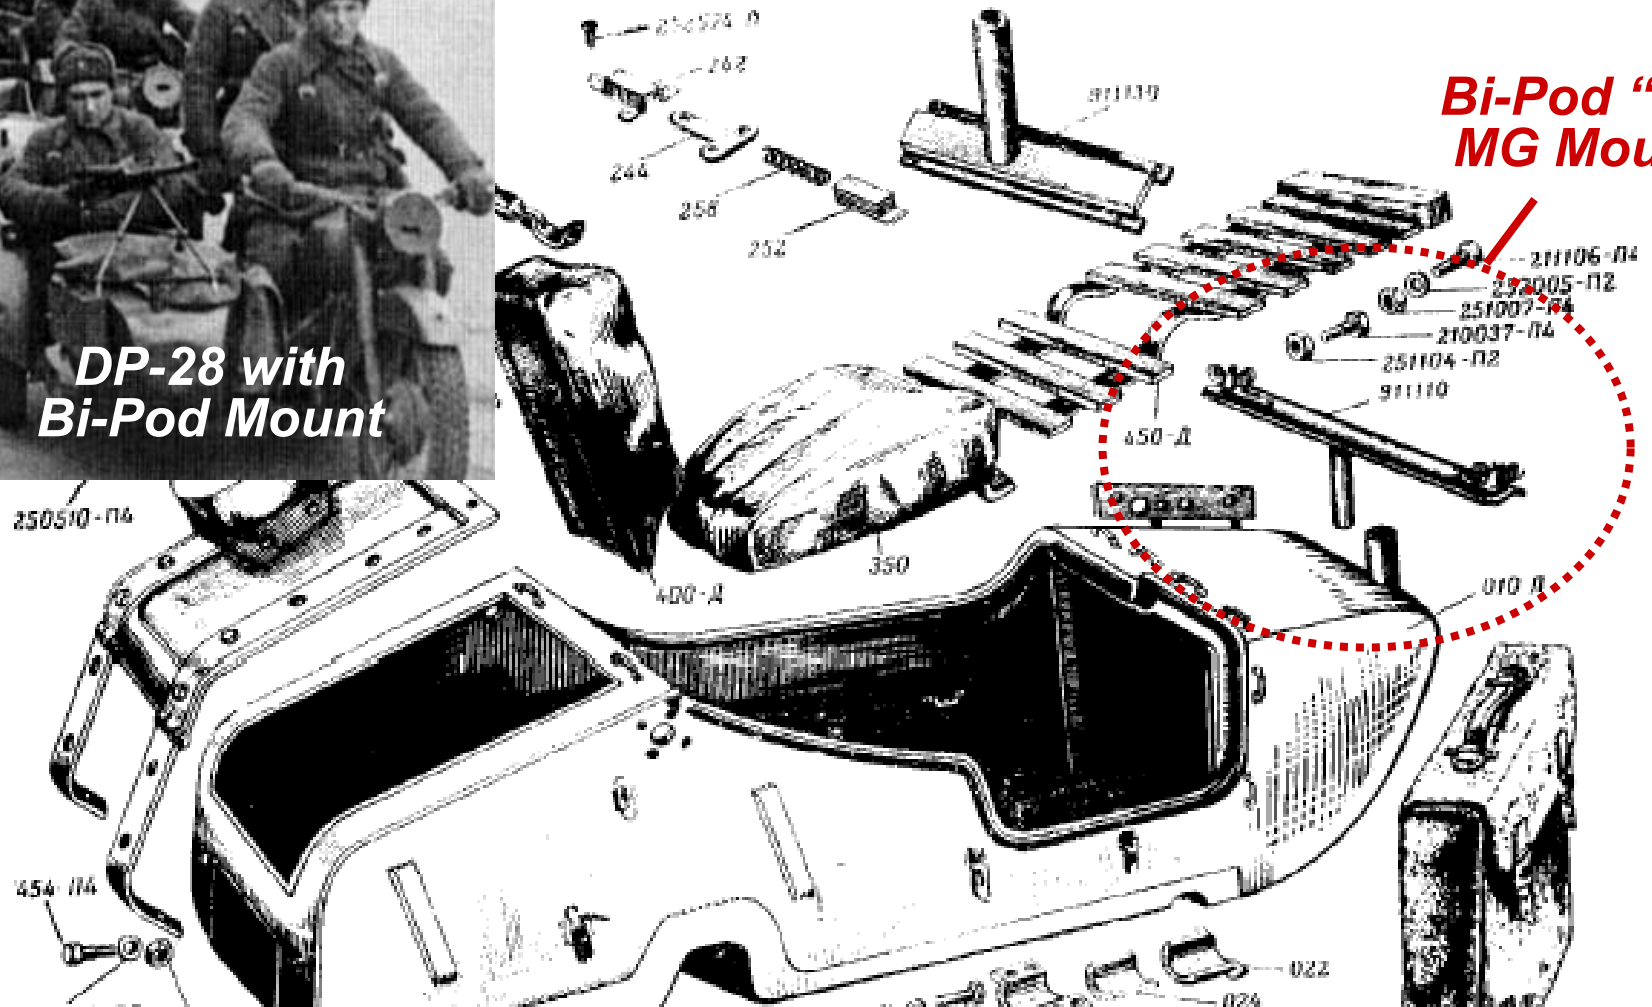

Russian bikes can either use the front-mount to hold the straight pintle (shown above) or the "T" pintle shown later.

M-72 Machine Gun Mount

*DP-28 with
Bi-Pod Mount*

*Bi-Pod "T"
MG Mount*

You may notice some pictures show the "T" pintle, where the feet of the machine gun's bi-pod fit in the "T".

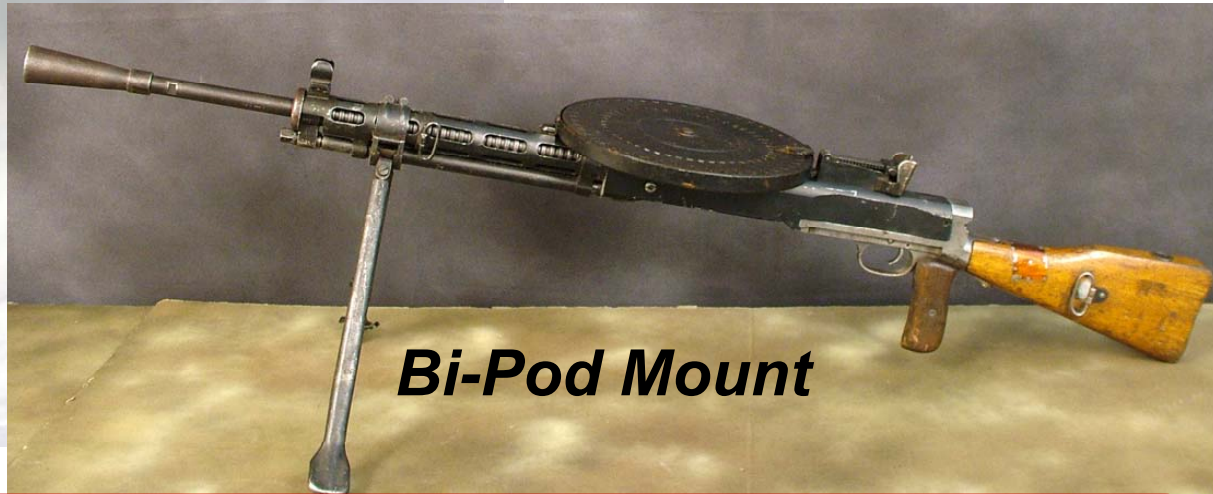

Bi-Pod Mount

M-72s, somewhere in eastern Europe during the Cold War.

Russian DP-28 Light Machine Gun

- ***Degtyaryov Hand-Held Infantry Machine Gun, DP)***
- ***Bi-Pod (Two-Feet) Machine Gun Mount***

The DP-28 was nicknamed the “record player“ because of the pan magazine of 47 rounds fed from the top.
