Transport
Mount Set
V-1012**

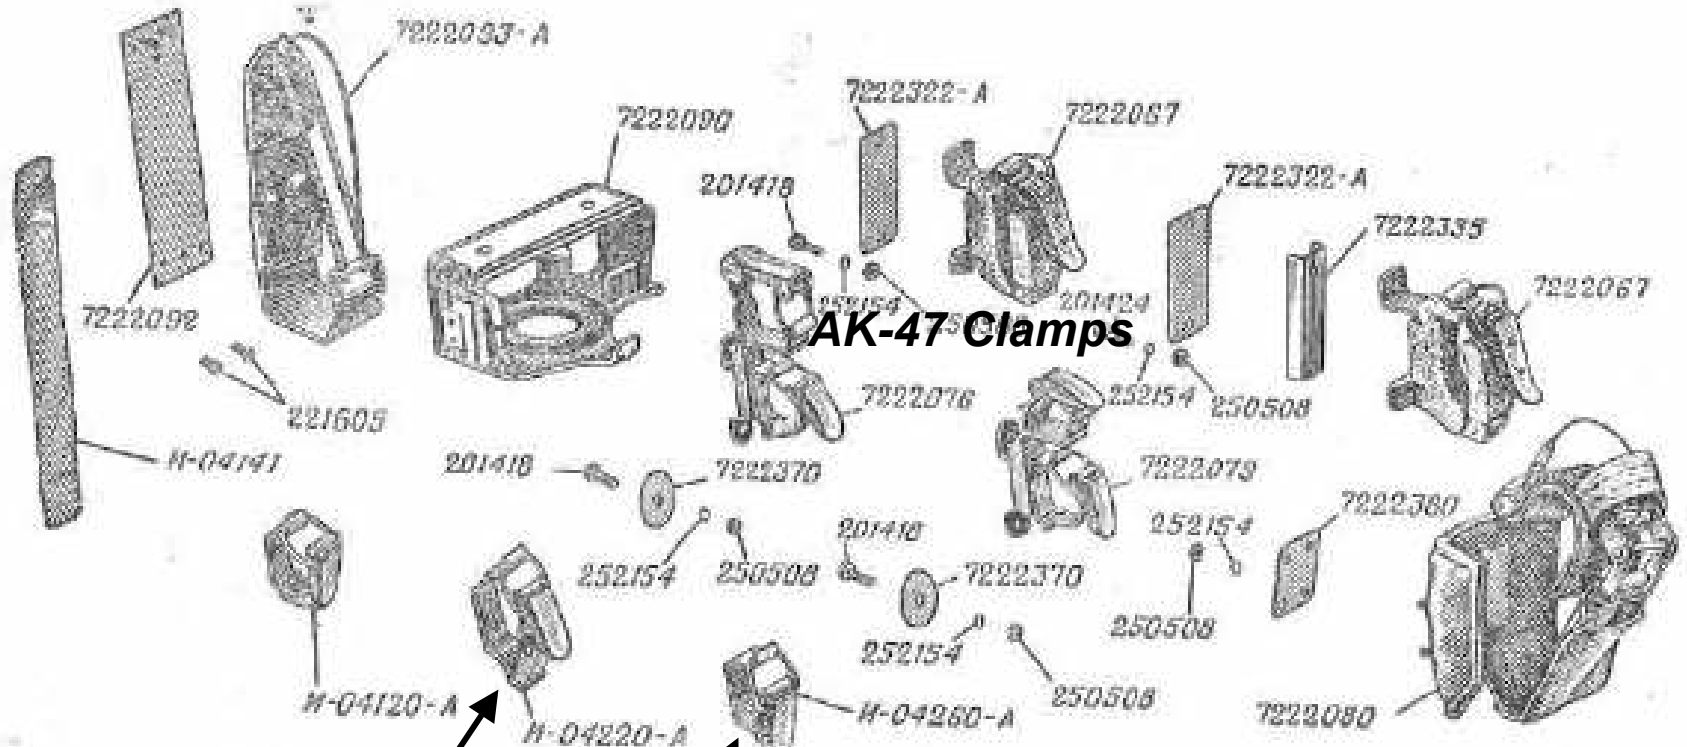

**MG
Transporter
(Blitzbikes)**

Transport Mounts are used to hold the machine gun (MG) during transit.

Transport Mounts

Clamps are needed for axes, and machine gun transport.

AK-47 Mount (Bill Glaser, http://myural.com/ural_accessories.htm)

These are getting difficult to find and are available primarily from European sources.

Machine Gun Butt-Stock Bracket

The transport support for the machine gun butt has a clamp.
