# Genealogy of Shovels and Axes

# **Entrenching Shovel** ([http://myural.com/ural\\_accessories.htm](http://myural.com/ural_accessories.htm))

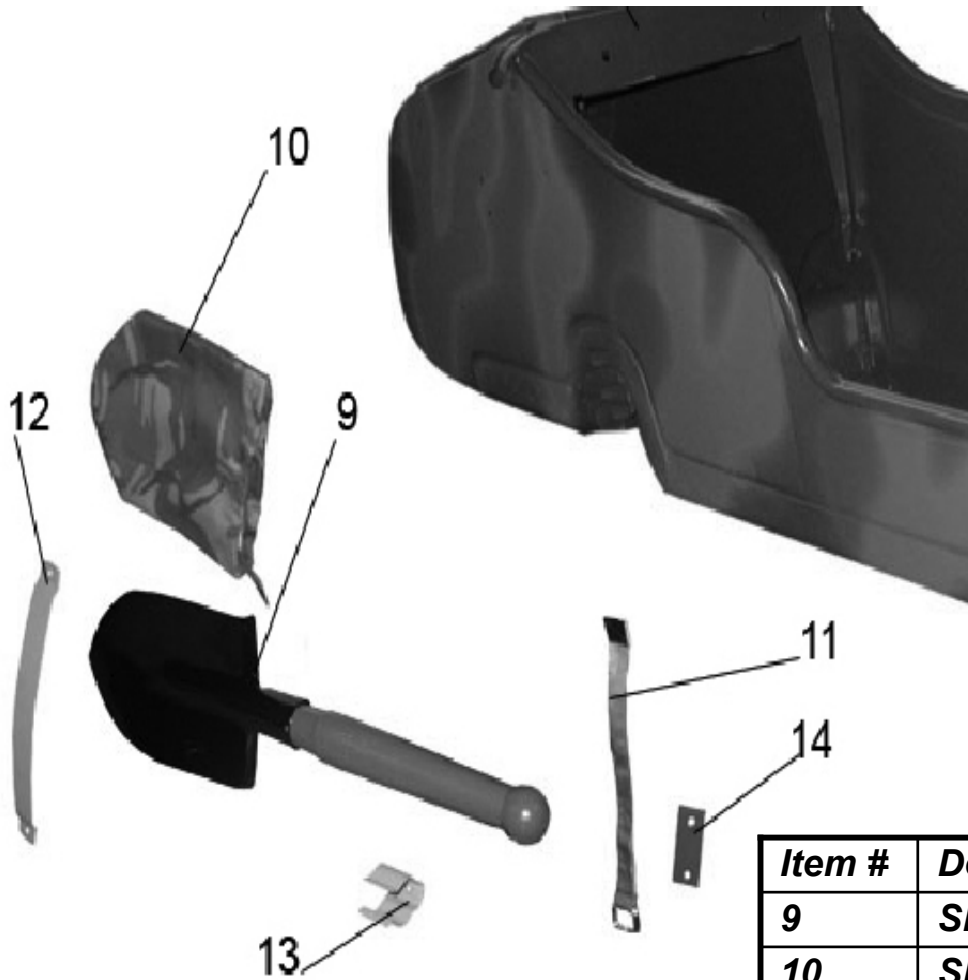

***Shovel mounts are another item that is getting harder to find. The Russian Spetsnaz shovel is not easily come across either. Cold Steel makes a copy which is actually much better quality than the original.***

# **Engineer Shovel** ([http://myural.com/ural\\_accessories.htm](http://myural.com/ural_accessories.htm))

***The engineer shovel uses the same mounts as the entrenching shovel. They are easier and cheaper to find. It is mounted horizontally along the left side of the hack.***
